SOCIALISM 101

SATURDAY, DEC. 10, 2-4 p.m.

At this event, we will introduce new DSA members and those looking to learn more about the theory and practice of democratic socialism through a workshop on what democratic socialism is and how it's different from other political perspectives on the left. We'll also have a practical organizing workshop to help new DSAers learn the ropes of effective day-to-day organizing.

In the second hour, we will have a special training in de-escalating harassment.
