

Campaign for Our Communities MA

The Campaign for Our Communities seeks progressive tax reform to raise at least \$1 billion in new revenue to partially address our state's \$2 billion shortfall. We will support legislation or budget initiatives that accomplish that goal, our model legislative initiative being "An Act to Invest in Our Communities" (sponsored by Sen. Sonia Chang-Diaz and Rep. Jim O'Day). Our goal is to continue to build a broad coalition of communities, businesspeople, and labor to mobilize to preserve our essential services in a fair and balanced way.
